

Travel Air 6000 Website Team Page

Name:

City, State:

What was the Month/Year that you began volunteering on this project?

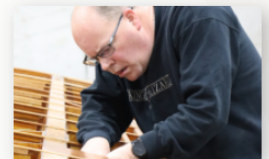

We'd like no more than 50 words that describe your favorite part about volunteering on the Travel Air Restoration. An example of ours is below. We'd like to use a photo of everyone working on the airplane. (Jim Buxton can help coordinate this if necessary)

Jamie Moeller

Cuyahoga Falls, OH

It's been so much fun working on the restoration of the Travel Air 6000! It was like having a family reunion with my brothers and their families, not to mention so many new friends met along the way! The joy comes from knowing that I was helpful in getting a piece of history back in the air!

Tim Moeller

Cuyahoga Falls, OH

Working on the TravelAir 6000 restoration has allowed me to enjoy my passion for flight as well as a journey back to my childhood hobby of building and flying model planes. Paul Poberezny was quoted, "You come for the planes, you stay for the people." I can say that here, too.

Jim Buxton can help get images. It would be best to email the information directly to Jamie Moeller at jamie@jmedia.bz but if that is an issue simply complete the form. By submitting this information, you are aware and agree that your information will be included on a website being created about the Restoration of the TravelAir 6000. Questions: Email Jamie, or you can call me at 330-554-9577. Thank you!
